PUBLIC FEELING IS STRONG AMONG THE RUSSIAN PEOPLE

ACTION OF UNITED STATES MAY LEAD TO OPEN BREAK

CLAIM IS MADE THAT TAFT IS TRYING TO MAKE POLITICAL CAPITAL OUT OF INTERNATIONAL QUESTION.

ST. PETERSBURG, Dec. 19.—Official and public feeling in Russia is at a critical tension today as a result of the action of the United States in connection with the Jewish passport question.

Expressions are being freely made that the efforts of the United States to "bludgeon" Russia into an acceptance of her demands must lead, if persisted in, to a parting of the ways commercially at least, between the two nations.

From private sources it is learned that Russian officialdom is almost a unit in opposition to the granting of any concessions from Russia's stand on the Jewish passport question. President Taft of the United States is being held up as a politician attempting to make political capital out of the international question.

Rumors are current that Japan has been proved that her friendship is with Russia in the present controversy.

FOOT BALL GAME ON CHRISTMAS IS A SURE GO.

Much interest has been aroused since the announcement that a foot ball game would be attempted on Christmas. The game will be played at Harrison's park, Waycross, and will be started promptly at 2:30. It is hoped a good attendance will be present. The game will be played on the field, and much equipment is needed for which it is hoped to raise some money on the Christmas game.

The probable line-up of the two teams will be announced in a couple of days. From the present indications, from the standpoint of weight and consistent practicing the odds seem to be greatly in favor of the Halifax Rifles, but the other aggregation promises that the Rifles will at least know that they have been in the game.

As near as possible the game will be run like any big college game, and what finer points in knowledge of the game the two teams may start Christmas without, they will be perfectly familiar with before the close of the contest, for all misplays and illegal movements will be closely watched and explained by penalty to both teams and spectators as the game progresses.

IMPORTANT SESSION OF THE SENATE

INTEREST IN TREATY ACTION SHOWN BY CROWDED GALLERY

PROTESTS ARE RECEIVED FROM SOCIETIES AND INDIVIDUALS AGAINST ABRIGATION OF THE RUSSIAN TREATY.

WASHINGTON, Dec. 19.—The session of the United States senate was convened two hours earlier than usual today to consider the most important diplomatic step taken in many years, the demand for an abrogation of the Russian treaty of 1832.

The galleries of the senate chamber were crowded with people interested in the action by the senate and a feeling of suppressed excitement prevailed throughout the capitol building. Several protests were received by the senate from the Bohemian and other Slavic societies and many individuals against the abrogation of the treaty unless it is coupled with a provision for the negotiation of a new treaty.

When the resolution was laid before the senate Senator Raynor of Maryland made an impassioned speech calling for abrogation of the treaty.

THE MADELINE IS A BIG BOAT, 65 FEET LONG, HAS A BEAM OF 18 FEET 3 INCHES, AND DRAWS 4 FEET OF WATER.

Capt. Frank J. Gethro reported the trip from St. Augustine down not very easily made and that they encountered difficulties in passing the nine dredges that are now at work in the canal. The boat is equipped with a 78 h. p. Goble engine.

ON BOARD IS JUST THE CREW, UNDER CAPT. FRANK J. GETHRO, WHO IS ALSO THE OWNER OF THIS, AND A NUMBER OF OTHER STEAM AND MOTOR EXCURSION BOATS FOR HIRE OPERATING OUT OF BOSTON.

Mr. Gethro, who has been here before, is an extensive dealer in all things that pertain to boating, besides owning a boat line of a number of boats of varying sizes, he is docking at the City Point landing in South Boston. The first thing upon arriving in Daytona that Mr. Gethro did was to take one member of the crew on a walk across the bridge and to Ridgewood avenue, promising him on the way to give him a glimpse of the prettiest street in the world. The Madeline will not make a long stop here.

DAYS TO CHRISTMAS

Charles James was out again last week on a hunting expedition in the Bulow section, accompanied by his wife and children and with John L. Roberts as guide. They killed a fine doe and wounded a big buck that escaped from them by taking to Bulow creek. This buck they say had horns like a cow. They also shot a turkey and followed a bear with the dogs for a distance of ten miles, but failed to get within sight of it. The party went up to Bulow in Mr. James' automobile and used it on this bear chase and Mr. Roberts hoped to get the bear within reach of the machine so that Mr. James might shoot it from the car, but in this was disappointed. Mrs. James and the children lodged with Mr. and Mrs. Godfrey Moritz during the time the party were out which was from Monday until Friday evening.

DAYTONA TO BE A BAD TOWN FOR BEGGARS AND SOLICITORS

MAYOR TITUS ISSUES ORDERS THAT THIS CLASS OF TRANSIENTS SHALL BE KEPT OUT OF THE CITY.

Mayor Titus is determined the city of Daytona shall be kept clean of "bums," tramps, beggars and solicitors of all kinds this winter and has given strict instructions to the Daytona police officers to keep all such transients off the streets and out of the city.

It is the usual thing for all kinds of beggars and "live-easy" people to drift south when the cold weather comes in the north, shifting back to the north again in the spring, and the Daytona executive holds the idea that the residents of this city and its visitors shall not be annoyed by this class of persons.

Even the man with the handorgans and "monks" will be missing this season, to the disappointment of a few of the "kids" and the majority of the older people, as the mayor has concluded this class of beggars is not needed to help entertain winter residents and tourists. Instances of begging or soliciting by strangers in the city should be at once reported to the mayor or Marshal Melton.

POWERS WOULD STOP CHINESE WAR

NOTE SENT TO PEACE ENVOYS SIGNED BY SEVERAL NATIONS

REBELS INSIST MANCHU DYNASTY MUST ABDICATE FOR REPUBLIC, BUT WILLING IMPERIAL FAMILY MAY STAY.

SHANGHAI, Dec. 19.—The first step in the direction of a concerted action by international powers to mediate in China was taken today when a circular note was sent before the peace envoys, who are attempting to bring about an end of the civil war in China.

The signers of the note are the United States, Great Britain, Germany, France, Russia and Japan. As the situation in China now stands Wu Tingfang insists the Manchukuo dynasty must abdicate the throne in favor of a republican form of government. He does not, however, demand the expulsion of the imperial family, but is willing to allow them to remain in China and be supported by a position.

TAX COLLECTOR A BUSY MAN TAKING MONEY FROM CITIZENS

RESIDENTS OF DAYTONA TAKE ADVANTAGE OF OPPORTUNITY TO SAVE DISCOUNT BY PAYING TAXES AT THIS TIME.

Tax Collector D. P. Smith of New Smyrna, has been the busiest man in Daytona today, holding forth at the city hall and taking all the money the citizens of this city and vicinity were willing to hand over in payment of state and county taxes and licenses.

Mr. Smith is collecting state and county real and personal taxes and automobile and occupation licenses, which are due and payable between the first of October and the first day of April. The provisions of the state law on taxes allows a discount of one per cent on all taxes paid during the month of December, and many of the citizens of Daytona are taking advantage of the visit of the tax collector here at this time to pay the taxes and get the benefit of the discount.

Mr. Smith will remain at the city hall through tomorrow to continue the collections here.

REPORT FROM THE PUBLICITY COMMITTEE

A report from the publicity committee was in the form of a suggestion that all forms and schemes for advertising submitted to the business committee, and if it does not receive the endorsement of the committee the scheme should be turned down by the business people.

Several aviators are anxious to come to Daytona to give exhibitions or establish schools on the beach during the winter months, but no action of approval or disapproval was taken by the board of trade, pending a definite proposition from some reputable aviator.

As the time for the next regular meeting comes the evening of New Year's day, adjournment was taken on Tuesday evening, January 2.

MILITARY SCHOOL MAY COME HERE

BOARD OF TRADE NOW LOCATED AT GREEN COVE SPRINGS WOULD LIKE TO MOVE AND DAYTONA IS PREFERRED.

That Daytona has before it an opportunity to bring to this city the Florida Military academy was brought out by a letter read at the regular meeting of the Daytona board of trade last evening. The president of the school, in his letter to the board of trade here, says he is looking for a new location for his school and that he likes the city of Daytona and this vicinity better than any place in the state. The school is now located at Green Cove Springs, on the St. Johns river near Palatka, and two other cities as a location for the school are now under consideration.

The head of the school made no definite proposition to the board of trade, but stated he would need plenty of grounds and suitable buildings would cost in the neighborhood of \$30,000. The secretary of the board of trade was instructed to correspond with the president of the school to fully accommodate the educational institution to Daytona, and some kind of a proposition is expected.

At least 20 additional benches will be placed in the park along Beach street and the bank of the Halifax river in the immediate future, as it was found the number placed in the park last winter was not sufficient to fully accommodate the needs of the winter residents and tourists. The committee on streets was instructed to have 20 additional benches built and to place some of them beyond the beach canal and farther south on Beach street.

The flaming arc lamps purchased last winter by the board of trade will be put in position along the business section of Beach street, immediately by the committee in charge of lights and the committee was instructed to purchase two additional lights at once. A special committee was ordered to appear before the city council at its next meeting to urge that a light be placed on South Beach street between Loomis and Live Oak avenues, where there is a particularly dark place, and one on North Beach street at the bend just north of the Prince George hotel. If the city council refuses to order these lights placed the two new ones to be purchased by the board will be placed at these two points. The special committee is also to urge the city council to make an appropriation and have it placed in the annual budget to help pay for the maintenance of these special lights, which are used only during the tourist season to furnish extra light along Beach street. The special committee consists of C. M. Bingham, R. E. Stevens and W. H. Wright.

The proposition of E. L. Gunn, manager of the Schantz Electric, Ice & Water company, to furnish two large tungsten lamps and reflectors to light the big sign at the depot, was accepted by the board and Mr. Gunn was instructed to have the lights placed at once.

A report from the publicity committee was in the form of a suggestion that all forms and schemes for advertising submitted to the business committee, and if it does not receive the endorsement of the committee the scheme should be turned down by the business people.

Several aviators are anxious to come to Daytona to give exhibitions or establish schools on the beach during the winter months, but no action of approval or disapproval was taken by the board of trade, pending a definite proposition from some reputable aviator.

As the time for the next regular meeting comes the evening of New Year's day, adjournment was taken on Tuesday evening, January 2.

APPRECIATES THE PUNCTUAL ARRIVAL OF HER PAPER.
Editor Gazette-News:—We thank you very much for being so punctual in sending us our paper. We found it very interesting as we have spent seven winters in Daytona Beach. We expect to occupy our bungalow, "Pine Crest," on Pine street, about the first of January, being detained by sickness from coming sooner.

TAME GULLS OF SHETLAND
Each Family in Lerwick Has its Own Flock Which the Children Feed.

There are many small villages in the world that have only one street; but Lerwick, in Shetland, besides having only a single street possesses only one tree, and it is not a very tall one either. There are no land birds there, not even a sparrow; but the sea gulls are plentiful.

The inhabitants of Shetland are very proud of their tree and very kind to the gulls, of whom the children make pets. Children who are brought for the first time to see the wonders of one-streeted Lerwick are always shown, as a great curiosity, "the only tree in Shetland."

The sea gulls are the sparrows of Lerwick; and as such they have a greater share in the town's life than the sparrows of London. In the morning you will note that a sea gull sits on every chimney pot. Sea gulls swoop and hover over every roof in town. The air is full of their strange, high, plaintive, haunting cries.

Every house has its own familiar sea gulls and every street its own band of them. But, according to the Fruit Magazine, they never mix. The children in each house have a pet name for their own particular sea gulls; and, having called them by those names, they feed them every day.

Each sea gull knows what is meant for him. No bird attached to one house ever seeks to eat the food scattered from the house next door. He does not dare to do so. So all day long the sea gulls hover and call over the roofs of Lerwick.

The people of the town if they come across a little pile of rice laid upon the roadway stop over it with care. They know that it has been placed there for some sea gull. And at night the sea gulls leave their appointed chimney-pots and fly gracefully away to their resting places on the rocks of the Isle of Ness.
